Mr. Alexandre Burgand
Principal
Sider-Oxydro, Inc.
3945 Regur Road
Hawkinsville, GA 31036

Dear Mr. Burgand,

The City of Hawkinsville was experiencing significant leakage loss at our South Water Treatment plant that was constructed in 1975. In 1999, the city contracted with Sider-Oxydro to furnish materials to waterproof our holding tanks.

The tanks were inspected recently and the materials you provided are still performing superbly as water proofing. We have no water leakage loss in the tanks that were treated with your product 12 years ago.

I would like to offer my compliments to your company for supplying such a durable product. When we need further water proofing materials we will definitely use your product.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jerry Murkerson". The signature is fluid and cursive, with a long horizontal stroke at the end.

Jerry Murkerson
City Manager
